THE SEASON'S GREETINGS!

+++

We wish All Our Friends
and Patrons A
Merry Christmas and
Bright New Year!

+++

A. E. MICHAEL'S,
A GOOD PLACE TO TRADE.

Christmas

In humble cot and stately hall
With laughter and with song,
The children hail the Christmastide
For which they've waited long.
For them old Time has leaden wing
They wished him well away,
And asked that he but leave them
Their own, their one Great Day.

In their sweet songs and joyous play
The elder folks renew
Dear visions of their early days
When life was sweet and true.
And once again their voices raise
In greetings ever new
"A Merry Christmas to you all:
A Bright New Year to you!"

Grain Cut Green Grades No. 3

In years of exceptional weather conditions curious things happen to the grain crops, some of which are hard to account for.

John Doran, a farmer living near Vegreville, had an experience this year which is more than puzzling.

On Aug. 19 he began cutting his wheat when it was green as grass. His neighbors expected he would get nothing but chaff at the threshing. The grain filed out splendidly in the stack and gave a yield of 42 bu. per acre of good No. 3 Northern grade.

A Book Everyone Should Possess.

A valuable booklet "A Key to P. R." by John D. Hunt has just been issued. It explains the transferable ballot and proportional representation as adopted by the Alberta Election Act. The preferential ballot will probably be used at next provincial election. It is advisable voters should be instructed how to mark their choices, understand their reasons for doing so, and how tallies are counted. The booklet gives this information so the average layman can grasp it. Every citizen in the province should secure a copy at 25c.

LOCAL NEWS.

L. Kowensky and family left Stony on Monday last to spend the Christmas holidays with friends at Vancouver.

Mr. C. E. Clarke, formerly a popular principal at the local school, is now engaged in the garage business at Red Deer.

Miss E. M. Hartley, for a number of years past teacher in the primary room at the town school and very popular with her pupils, has resigned from her position here and will begin the new year at Jasper public school, as associate teacher with Mr. J. W. Hollinshead, formerly a teacher in Stony Plain.

Mr. F. W. Lundy attended the meeting of the Alberta Law Society in Edmonton on Saturday, and was present at the banquet at the Macdonald in the evening.

Mr. Louie Ulmer, a former resident of Stony Plain but now of Seattle, came home on Saturday, on a visit to his old home.

The Miss McKinlays returned home from Edmonton on Tuesday.

Sam Zieppel, Vernon, B.C., is visiting this week with Mr. P. Baron.

The local school held its annual entertainment Tuesday evening, and closed for the holidays.

Four or five of the local good dogs have been missing for over a week, and it is feared the poisoned bait set out for coyotes is responsible for their absence.

Flour has gone up another two-bits a bag, following the recent raise in the price of wheat, and the 3-for-a-quarter loaf of bread has disappeared.

The skaters' waiting room is being removed this week from the old site to the new rink at the Fair Grounds.

The local Woman's Institute have arranged to send a big hamper full of good cheer to a family at North Glory Hills recently arrived from the Old Country, said to be in distress.

Stony was well represented at the hockey game in Edmonton Friday night last, when a large delegation made the trip in, and were pleased at the big score the Eskimos made.

A stout young man, apparently carrying a "full line of goods," undertook to give an outdoor address on Saturday evening in front of the old skating rink on Railway Ave. Among the subjects touched on were Women's Rights, and a Man's Duty to His Community. He had just broached the subject of the oppressive clauses of the Liquor Act when the traffic cop, attracted by the crowd, hove in sight, and the orator ducked for shelter.

Dr. Hamilton, dentist, will be in Stony Plain on Dec. 26 and Jan. 2, instead of his regular days those two weeks.

A HAPPY CHRISTMAS
AND BRIGHT AND
PROSPEROUS NEW YEAR
TO ALL.

+++

T. J. Hardwick.

GREETINGS!

Merry Christmas and a
Happy, Prosperous New Year
To All Our Friends and Patrons!
May the Coming Year bring Health
and Happiness to One and All!

Sincerely,

J. F. CLARKE,

Your Druggist.

Greetings!

Bringing East and West Several Hours Closer Together

A FURTHER cut in running time between Winnipeg and Toronto has been announced by Canadian National officials at Winnipeg in connection with train schedule changes which became effective recently. Last year, with the opening of the Long Lac cut-off connecting the north and south main lines of the Canadian National Railways in Northern Ontario, five hours was sliced from the running time of the Winnipeg-Toronto service, and with the new train now running, another five hours' reduction has been made. The National now leaves Winnipeg at 5.30 p.m. daily and arrives in Toronto at 7.20 a.m. From Toronto, the train leaves at 8.45 p.m. and arrives in Winnipeg at 8.45 a.m. of the second day, making a 37 hour run. In each case passengers be-
tween the eastern and western cities will lose only one business day in their journey, as the train leaves after business hours and arrives at its destination in time for a full day's work. Equipment of the train will be the same as formerly, including express and day coaches, 1-inch counter, colonist car, tourist and standard sleepers, and radio observation car.

Railway Time Table.

Grand Trunk Railway.

Going east, 2.40 p.m.—Monday, Wed., Friday.

5.48 a.m., every morning, stops on flag only.

Going west, 1.30 p.m.—Prince Rupert Express, Tuesday, Thursday and Saturday.

24.17 a.m., every day, Vancouver Express; stops on flag only.

FOUND—Pair of spectacles, near Towns Hall. Inquire Sun Office

Figured in Historic Sod Turning

This antique looking wheelbarrow and spade do not appear capable of very hefty service now, but nearly half a century ago they carried the weight of a very important event—the ceremony marking the commencement of the construction of the Canada Central Railway through Pembroke, Ontario. Following the ceremony, the spade with which the first sod was turned and the wheelbarrow into which it was shoveled in the presence of a very enthusiastic crowd, were presented to Miss M. P. Moffat, daughter of the Reeve of the village, the lady who performed the ceremony of the naming of the road and christening it with a bottle of champagne. They recently passed into the hands of the Canadian Pacific Railway, which company took over the Canada Central lines in 1881, and will be added to a museum of relics connected with the early days of the railroad which is being formed in Montreal.

So much for the actual ceremony. The Pembroke "Observer" for September 3rd 1875 says: "The assembly then adjourned to a spacious booth that had been specially erected for the occasion, where champagne and beer had been provided for the purpose of drinking several toasts which had been previously agreed upon, by the committee; but a number of individuals, apparently more intent on drinking champagne than doing honor to any had to be abandoned. The Pembroke Brass Band was present and performed some popular airs."

WORLD HAPPENINGS BRIEFLY TOLD

Sir Archibald Gellie, former president of the Royal Society and the Geological Society of London, is dead.

Switzerland's allotment for the reconstruction loan to Germany under the Dawes reparation plan, has been oversubscribed \$108,000, according to a Central News dispatch.

Charles W. Lightbody, of Yorkton, Sask., is the Saskatchewan Rhodes scholar for 1925. He was selected by the Rhodes scholarship committee from among six applicants.

The number of divorces in the United States last year was 11 per cent. more than in 1922, while the number of marriages was only 8.4 per cent. larger than the previous year.

Madame A. Kollantzy, is the first woman in the world to be appointed as a minister plenipotentiary. She has arrived in Christiania as the ambassador from Russia to Norway.

It cost the United States slightly more than ten cents a meal for its soldiers during the fiscal year ended last June 30, according to the annual report of the quartermaster-general.

Americans are eating more butter. The department of agriculture announces that 50,000,000 pounds more were consumed in the first nine months of this year than in the same period last year.

Failures in Canada during the week ended Nov. 7, totalled \$8, as compared with \$17 for the corresponding week of 1923, according to Dun's Bulletin. Manitoba reported four, Saskatchewan three and British Columbia one.

Sore, Aching Corns Drop Out In Hot Bath

To take the sting out of corns and to be sure you are going to be rid of them quickly, the hot foot bath employed with Putnam's Painless Corn Extractor is best of all. To use "Putnam's" is to end corns forever. The sting disappears, feet feel better at once—another application or two and the corns go away. Satisfaction is assured to everyone who uses Putnam's Painless Corn Extractor, 25 cents at all dealers.

Elevator Co. Extends Operation
Provincial Incorporation of the Saskatchewan Co-operative Elevator Company, Ltd., of Regina and Vancouver, with a capital of \$5,000,000, is announced in the British Columbia Gazette.

TROUBLED WITH ECZEMA ON FACE

Very Itchy, Caused Eruptions, Could Not Sleep, Cuticura Healed.

"I was troubled with eczema on my face. It broke out in a rash on my chin and was very itchy. Scratching caused eruptions and in a few weeks it spread all over my face. I could not sleep, and when I washed my face I would almost have to scream."

"I read an advertisement for Cuticura Soap and Ointment and ordered a free sample. I purchased more, and after using two cakes of Soap and one box of Ointment I was healed." (Signed) Miss Kathleen Robertson, Box 40, Duff, Sask.

Use Cuticura Soap, Ointment and Talcum daily and keep your skin clear and healthy.

Send for free sample. Address: Cuticura, Dept. 10, P. O. Box 318, Montreal, P. Q. Write for free sample. Try our new shaving brush.

Making Moscow Modern

Special Commission Seeking Foreign Loans to Help Project

Moscow will soon rival in beauty and civic modernity any European capital, if present plans of the municipal authorities materialize. Preparations are being made for the construction of a subway and the establishment of omnibus systems, taxicab lines, new tramways and other improvements. The present sewage and canal system will be entirely remodelled. A special commission representing the Moscow Soviet has left for Germany, France and Great Britain to seek foreign loans for these projects.

WHY RHEUMATISM OFTEN COMES BACK

The Usual Treatment Does Not Reach the Root of the Trouble

Most treatments for rheumatism do no more than aim to keep down the poison in the blood and enable nature to overcome that particular attack. The whole system becomes run-down from any cause the disease again gets the upper hand and it all has to be done over again.

Sufferers from rheumatism who have found their condition unrelieved or actually growing worse while using other remedies, would do well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine has proved in thousands of cases that it builds up the blood to a point that enables the body to cast out the rheumatic poisons through the regular channels, the bowels, kidney and the skin. When this is done rheumatism is banished, and as long as the blood is kept pure and rich the patient will be immune from attack.

"It is fully proved by the case of E. E. Davis, J.P., of Dinmore, Sask., who says:—'I feel it my duty to sufferers from rheumatism to recommend Dr. Williams' Pink Pills. Some years ago I was a great sufferer from this trouble and was confined to my room. I tried two doctors without relief and had become despondent. Then I saw Dr. Williams' Pink Pills recommended for this trouble and got six boxes. Before they were all gone I was able to get around on crutches, and when I was on the eleventh box I started to work. I have now missed a day's work since on account of rheumatism. On two occasions since I have had light touches of the trouble, but a box of the pills soon put me right. I strongly recommend rheumatic sufferers to try Dr. Williams' Pink Pills a fair trial.'"

You can get these pills from any medicine dealer or by mail at \$1.00 a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Anti-Rolling Device For Ships
Demonstration Made On Atlantic Liner Proves Successful

The efficiency of anti-rolling tanks was determined on the last trip of the liner Haver Athol from New York to Hamburg, when the ship for the first time encountered rough seas. Scandinavian Shipping News reports that the gyroscopic pendulum indicated a rolling movement of six degrees against the horizon with the tanks in operation.

When the anti-rolling device was put out of service, the steamer rolled instantly up to an angle of 16 degrees.

Nation-wide Fame—There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Eucletic Oil have not been tried and proved. It is one of the world's most famous remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

"Rocket" Plane Is Latest
French Air Service Experimenting With Quiser New Type

Experiments will shortly be made with a queer new type of aeroplane which has neither engine nor propeller in the ordinary sense.

The "rocket" plane, as it has been dubbed, figures on the experimental programme of the French Air Service. Instead of being provided with the usual engine, the motive power is generated inside the cabin of the machine itself. The apparatus produces gas under pressure in a combustion chamber and then ejects it, at the rear of the machine, into the air by a set of nozzles.

A reaction is set up which, it is claimed, will drive the plane at much greater speeds than the ordinary type of motor would do.

Indian Ink is made from burnt camphor. The Chinese hold the secret of the process and will not reveal it.

Minard's Liniment for Colds

SUNDAY SCHOOL LESSON

NOVEMBER 13

THE TRANSFIGURATION

Golden Text: This is my Son, my chosen; hear ye him. Luke 9:35.
Lesson: Luke 9:28-36.
Devotional Reading: Psalm 86:1-7.

The Text Explained and Illumined

The Transfiguration, verses 28-31. The time of this event is given by all three Evangelists; it was about a week (after six days, say Mark and Matthew; about eight days after, says Luke) after "these sayings"—Peter's acknowledgment at Caesarea Philippi that Jesus is the Christ, the Son of the Living God, and Jesus's announcement that he must suffer many things.

Jesus said: "be rejected of the elders and the chief priests and the scribes, and be killed and after three days rise again." This Peter had not been able to accept. "Far be it from thee, Lord; this shall never be unto thee," he had cried. Jesus had energetically repelled the suggestion: "Get thee behind me, Satan," he exclaimed; "thou art a stumbling block to me, for thou mindest not the things of God, but the things of men." The week that followed must have been no ordinary week in the training of The Twelve, for they were far from the crowds that followed Jesus in the homeland, and wholly free from interruption.

Dr. A. B. Bruce reminds us that the Gospel historians are not wont to be so careful in their indication of time, and their minute accuracy here signifies in effect: "While the foregoing communications and discourses concerning the cross were fresh in the thought of all, the wondrous events we are now to relate took place." The date, in fact, is "a fingerpost pointing back to the conversation on the passion, and saying, 'If ye desire to go and understand what follows, remember what went before.'"

Soviets To Build Merchant Marine

Vessels Will Be Built Entirely In Russian Shipyards

Soviet Russia has begun the creation of its own merchant marine. It has just laid the keels of eight cargo boats and four passenger steamers. The vessels will be built entirely in Soviet shipyards, principally at the Putilov Iron Works and the Baltic Shipbuilding Yards at Leningrad.

The total cost of the 12 vessels, which will have an aggregate of 35,000 tonnage, will be \$5,000,000. They will be completed early in 1926. The government hopes through these steamers to lower freight rates and to compete with foreign shipowners.

She Got Relief From HEART TROUBLE

By Using MILBURN'S HEART AND NERVE PILLS

Miss Geo. E. Bowdler, Morrisburg, Ont., writes:—"I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills."

Two years ago I became very poor and nervous and could not sleep. I never took the least little bit of exercise my heart would start to jump and flutter.

I could not walk up stairs without having to sit down and rest before I was half way up, on account of my breath becoming so short.

I commenced taking Milburn's Heart and Nerve Pills, and in no time I was a great improvement and can now heartily recommend them to all those who are troubled with any affection of the heart."

Milburn's H. & N. Pills are for sale at all drug and general stores; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Yokohama Is Growing

Yokohama is gradually coming back to its pre-earthquake size. Census figures show that 340,000 persons now live in the city, while the month after the earthquake more than a year ago the population had dropped to 250,000. The present population is within 100,000 of the old mark.

Sweden Will Stay Dry

One of the results of the recent Norwegian elections in which the Conservative and Agrarian (Peasant) parties secured a narrow combined majority over two seats in the Storting, will be the retention of prohibition which was opposed by the Conservatives, but favored by a majority of Agrarian nominees.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

The first vessel of Hungarian registry ever to dock at Montreal arrived for a cargo of grain. She was the Oceana from Budapest.

Why Flyer Was Delayed

Found Cow Had Eaten Holes in Wing of Plane

"Delayed by cow eating wing. Home tomorrow."

This message was received by the officer in charge of flying at Brooks Field, San Antonio, Tex., about the time he was thinking of sending out a search party to find Lieut. Robert Wimsatt.

Wimsatt had flown to Fort Worth. When he returned to his plane after having transacted a bit of business he found great holes in the lower wings and stabilizer. Nearby was a cow.

Wimsatt made the necessary patches and hung around on ground while they set.

Have Umbrella Duel

A scene reminiscent of another day was staged on the streets of Hull recently when two local business men engaged in a fierce duel. Instead of swords, however, they fought with umbrellas. The duel was to decide the payment of a bet.

Useful in Camp—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely, with the Oil and the result will be the prevention of pains in the muscles, and about a cut, or contusion, or sprain be sustained, nothing could be better than a dressing or lotion.

WORLD HAPPENINGS BRIEFLY TOLD

Steamship rates to Canada from British, Scandinavian and continental ports were raised recently, the amounts varying from \$15 to \$10.

The former Duxbury Empress of Russia, Maria Feodorovna is seriously ill at her chateau near Copenhagen, suffering from heart trouble.

The net gain in the population of Australia from immigration during July, August and September, 1924, was 10,000.

The city council of Dresden, Germany, has passed a resolution to provide free burials for its citizens. The motion was introduced by Communists.

To teach wives and servants the uses of electricity in the home, a Women's Electrical Association has been formed in London.

Seven women law students were called to the English bar on call night. These bring the number of women barristers to 41.

Dispatches from Cairo says another of the alleged assassins of Sir Lee Stack has been arrested by the police. Twenty students and officers are held by the authorities have been released.

One-fifth of all fatalities by accident in the United States in 1923 were caused by automobile accidents, according to figures made public by the census bureau.

Word has been received in Toronto that Bishop Fallon, of London, Ont., will be the spiritual director of the Pilgrimage to Rome which the Roman Catholics have been invited to make from Canada next year.

The B.C. Legislature has passed a vote of \$20,000 for immigration purposes, the money being required principally to cover the cost of bringing 50 Hebridean fishermen to the west coast of Vancouver Island.

Corns are caused by the pressure of tight boots, but no one need be troubled with them long when so simple a remedy as Holloway's Corn Remover is available.

Increases Vancouver's Population
Annexation of the municipality of South Vancouver to the city, which is in prospect as the result of the citizens voting favorably thereon, will add 40,000 to the city's population of 125,000, making a total of 165,000 within the city limits.

In the English navy in olden times when a ship captain wished to discharge his crew, he had to give them notice of his intention by taking away the tablecloth three meals in succession.

W. N. U. 1556

Aberdeen Angus Stock Capture Prizes

McGregor-Brad Cattle Big Winners at the Recent International

At the recent Chicago International Exposition, the records show that there were twelve Aberdeen Angus animals exhibited from the Glencairn stock farms, herd of James D. McGregor, of Brandon. These animals were all under two years of age and were bred by Mr. McGregor and calved on Glencairn Stock Farms. They were sold last spring to Mr. H. O. Harrison, of San Francisco, California, and Hartley Stock Farms, Page, North Dakota, and were exhibited by these two breeders at the international at Chicago.

These animals won in their respective classes six first prizes, three second prizes, two third prizes and one fourth prize. Taking into consideration the fact that the Aberdeen Angus exhibit this year was, by far, the strongest ever shown, there being twenty-five to thirty-five animals in each class, this probably constitutes a record win for this big show for animals all originating from one herd. As well as winning individually the above mentioned prizes in their respective classes, they also won first for group of three bulls and first and third for junior herd.

It is interesting to note that these animals were all sons and daughters of the world-famous Blackcap Revolution, the grand champion Aberdeen Angus bull at the Chicago International last year, who showed by Mr. McGregor and sold by him for \$15,000 cash during the week of the fair.

While Blackcap Revolution has already distinguished himself as an outstanding animal, his success as a sire is fast becoming fully as noteworthy, as is evidenced in the high honors awarded these animals from the Glencairn Stock Farms herd at the 1924 Chicago International Exposition and also at the leading American and Canadian fairs held during the summer and fall.

Another Mammoth Airship

U.S. Plans One Much Larger Than Any Yet Built

United States navy air experts have disclosed to congress plans for a 6,000,000 cubic feet capacity airship, which would dwarf the 2,600,000 capacity Los Angeles, and be much larger than the two new 5,000,000 capacity ships ordered by the British Government for commercial use between England and Australia.

The proposed liner, Admiral Moffat, would be 735 feet in length, compared to the 635-foot Los Angeles, have a larger diameter of 122 feet, compared to the 90-foot girth of the German-built craft, have 3,900 maximum horsepower, compared to 1,850 for the Los Angeles, and have a gross lift of 154 tons, compared with that of 67 tons of the Los Angeles. The cruising radius of the big ship would be 7,150 nautical miles without refueling.

No. 1 Hard Brings High Price

For the first time in about four years a carload of No. 1 Hard Spring wheat brought \$2 a bushel in the pit at Minneapolis recently. The shipment was exceptionally high in protein content, it was said at the chamber of commerce, and at this price sold 29 cents above the December future.

For Frost Bites and Chills—Chills come from undue exposure to slush and cold and frost-bite from the icy winds of winter. In the treatment of either an excellent preparation is Dr. Thomas' Electric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

Canada's Gold Production

Will Over-top Total Production In U.S.

In 1924, in prediction, Hon. Charles McGee, minister of mines for Ontario, estimated the output from the mines of the province this year at from between \$74,000,000 and \$75,000,000. He laid particular stress on the increase in gold production and stated that by 1929 Ontario was expected to over-top the total production of the United States.

Pilgrims To Ste. Anne
Official figures given out by the Quebec Power Company show that 282,000 pilgrims from all parts of Canada and the United States visited the Ste. Anne de Beaupre shrine during the year.

Keep Minard's Liniment in the House

Do not catch cold—take SCOTT'S EMULSION

Success With Alfalfa

By James D. McGregor, Glencairn Stock Farms, Brandon, Manitoba (Part 3—Continued)

When seedling alfalfa, sown from twelve to fifteen pounds of alfalfa seed to the acre and use a grass seed drill to the machine on your grain drill. We have found that this is the most satisfactory way as the seed is then evenly distributed. Sowing broadcast and harrowing may succeed if there is plenty of moisture. Mixing the grain in the seeder box usually results in an uneven stand.

The depth of seedling depends somewhat on the character of the soil; the lighter the soil the deeper the seed may be planted without danger of its being hindered too greatly in reaching the surface. It is best to plant as shallow as possible, and have the seed in moist soil. Seed covered more than 1½ inches is very slow in reaching the surface, and may not do so. This is as long as the alfalfa sprout seems to be capable of growing from the seed. There is great danger in planting deep, for a heavy rain may come and pack the soil to such an extent that the alfalfa will be unable to push through.

We have noticed that where sweet clover was sown and plowed under and the land then seeded to alfalfa, the alfalfa succeeded exceptionally well. Sweet clover grows more vigorously than alfalfa, and the rootlets being more tender the bacteria are able to get down them with greater ease than on alfalfa. We have observed on our farms that where alfalfa and sweet clover were sown together without inoculation, and later the plants dug up, the sweet clover would show an abundance of tubercles, while the alfalfa showed practically none. Where alfalfa has never been grown, sweet clover may be used as a preparation for alfalfa. Alfalfa and sweet clover may be seeded together.

The frequent cutting prevents the sweet clover from seeding, so that there would be very little of it appearing the second year.

If alfalfa is seeded without a nurse crop the new seed must be sown every two to four weeks. If alfalfa is not mowed often, it grows tall and spindling, often tries to bloom and produce seed, turns yellow and dies. Mowing during the first summer prevents this, and the strength of the plant is used in root growth, instead of trying to bloom and produce seed. This is one of the imperatives of success. Under favorable conditions the alfalfa may make sufficient growth to warrant mowing for hay, and it should be cut before blooming. If the growth would smother the alfalfa it should be raked and hauled off; ordinarily the clipping may be left on the field. (To be continued)

For Burns and Scalds—Dr. Thomas' Electric Oil

Electric Oil will take the fire out of a burn and the pain will be eased in every fifteen minutes so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald and the pain will abate and in a short time cease altogether.

Profited By the Change

It sometimes happens that the shoe-maker can do better by not sticking to his last—J. C. Mitchell, the man who was awarded first prize for the best exhibit of wheat at the Chicago show, is a Saskatchewan farmer who used to be a Manchester cotton operative—Hamilton Herald.

Preparing Entertainment For Prince

Great preparations are being made in South Africa for the coming visit of the Prince of Wales. It is arranged to have a big game shoot in the Rhodesia, 100 area, while arrangements already are in hand for big state balls and tremendous native demonstrations by Zulus, anxious to welcome the "great chief."

YOU'VE TRIED THE BEST NOW BUY THE BEST

There is a dealer handling Newcastle coal in every town in Western Canada. Look for the name.

SUNDAY SCHOOL LESSON

DECEMBER 28

REVIEW: CENTRAL PERIOD OF CHRIST'S MINISTRY

Golden Text: He that hath seen me hath seen the Father: John 14:9.
Devotional Reading: Matthew 25:31-36.

Jesus called unto Himself twelve disciples: Peter and Andrew, James and John, Philip and Bartholomew, Thomas and Matthew, James the son of Alphaeus and Thaddeus, Simon the Canaanite and Judas. Ye did not choose me," said Jesus to them afterward, "but I chose you, and appointed you, that ye should go and bear fruit." They were to be company with Jesus to learn three supreme things: to hear what Jesus said, or to master his teachings; to see what Jesus did, or to become familiar with his programme; to learn what Jesus is, or to become acquainted with himself. This knowledge must bear fruit in their threefold mission: "To proclaim and interpret the Master's teaching to the world; to continue and fulfill the Master's purpose in the world; to reveal the Master's character to the world. The training of the Twelve was a part of the plan for the saving of the world. The Master gave them the 'lion's share' of his attention, but not for their sakes. He gave them more than half his teachings, the best of his energy, and the most of his time. These were not more important than his teaching any more than we are. They were only important for the others. He would have been glad to have taught them. He would still be glad. But he was glad to have such as they were and he is glad to have such as we are. They were not a glorious company when they came to Him. They were not much more than an average crowd, in spite of the two or three conspicuous ones, but as Whittier says: "They touched his garment's fold, and soon The Heavenly Alchemist transformed that very dust to gold." They went with Him, they stayed with Him, they learned of Him. Long afterwards "men took knowledge of them that they had been with Him."

A CHRISTMAS WISH

I wish to you the season's joy,
And "Merry Christmas" cry;
I wish that peace may fall on you
As snowflakes from the sky—
And when the winter storms shall rage
That you may harbor find;
Well sheltered by the blazing logs,
Safe from the stinging wind,
I wish for you this Christmas Day
That all that earth may hold,
Of joy and happiness and love
Be yours you may unfold—
And that throughout the coming days
That tell of the new year,
You'll find each day is marked for you
With some of Christmas cheer.
And so the Merry Christmas that
I wish for you today,
Shall scatter peace and sunshine
Through the seasons, in your way.

Bovine Tuberculosis

Western Canada: Livestock Union Wants Fight Against Disease to Be Carried On

Members of the Western Canada Livestock Union at their annual convention at Calgary, passed a resolution calling upon the federal department of agriculture to secure the support and co-operation of the research council of Canada in the fight against bovine tuberculosis which they declared was seriously menacing the livestock population of Canada. The meeting also passed a resolution endorsing the policy of health of animals' branch in respect to the accredited herd system, and asked that the research work now being conducted by the department be continued.

George H. Hutton, Calgary, was re-elected president and the vice-presidents of the four provinces were elected as follows: Alex. Davies, of Ladner, B.C.; J. L. Walters, Lacombe, Alta.; R. A. Wright, Drivewater, Sask.; and George Lake, Oak Lake, Man.

Must Consult Parliament

Australia's contribution toward the cost of establishing a naval base at Singapore, whatever amount may be agreed upon, must first be considered by the Commonwealth Parliament before any definite decision thereon is arrived at, states Premier R. M. Bruce.

Gold to the extent of \$50,000,000 is used every year in the arts. This is made into jewelry, gliding, used for filling teeth, and other similar purposes.

Minard's Liniment Used by Physicians

Another Wireless Wonder

Powerful Machinery Installed At Wembley Controlled From Manchester

Wonderful possibilities connected with the application of wireless to everyday modern life were brought nearer to realization by a fascinating demonstration the other day. By the pressing of a button in Manchester powerful machinery was started at Wembley, and by the same means it was made to stop working.

Many devices that will exercise a revolutionary effect upon modern life, particularly in the household, are now brought nearer to actual being.

One may, for instance, look forward to the time when there will be no need to install a wiring system in houses to operate electric bells. This is an idea to which experts are at present devoting attention. Recently starting experiments in the successful wireless control of ships were reported from Rome.

X-ray Apparatus Uses 'High Voltage'

Installations Provided With Special Installation to Prevent Accidents

Accidents when operating x-ray apparatus are by no means unknown. The voltage used is about 100,000. Two years ago a French physician was killed by shock at a hospital near Paris, through coming into contact with the wires carrying the high-tension current to the X-ray tube. Safety rules were recently published by the Roentgen Society of Great Britain, and today practically modern x-ray installations are provided with special forms of installation in which the danger of accident is negligible.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Expeller.

British Exterminator High

Three Times French Cost For Taking Care of War Dead

During a discussion in the French Chamber of Deputies on the pensions budget in which an appropriation of 600,000 francs for the transfer of the bodies of soldiers and civilians killed in the war was listed, figures were cited to show that the British expenditure for assembling the war dead in cemeteries and transferring bodies from small cemeteries to larger ones, had averaged three times the French cost for the same work.

A famous scientist says that within the earth is a large wave that moves around the planet once every 8,800 years. The wave nightly moves the position of the earth's axis and poles, resulting in climatic changes.

INVENTIONS On Farm Implements

and labor saving devices are in great demand this country by large manufacturers who are ready to pay large sums for valuable inventions.

A GOOD TIME
ASSURED!

Stony Plain and District.

Mr. Stewart, manager for the Alberta-Pacific elevator, returned yesterday from Ontario, where he had been called on the death of his father.

Mr. Geo. Oppertshanser returned to town on Tuesday, after a trip out West.

Mr. Thomas Graden, a prominent farmer of Comet district, winged a friend a short time ago No. 3 wheat would go to a dollar-four-fifths before we grew another crop. On Saturday he won his bet, and a good time was had.

Geo. Schudeck and his party of deershooters, and bear-hunters returned to Stony on Tuesday from their sojourn in the foothills. They report the snow as being too deep for trapping, but will return to their cabin in the spring.

Midnight Mass was sung in St. Joseph's Church, Spruce Grove, last evening, by Rev. Father Kitchin.

Meredith Bros. shipped in a car of cattle from Dunfield last week; and Joe Best took in a car for the U.F.A.

Gillette gold plated razors and box #2; silver plated Gillette razors at 50c, at Stony Plain Pharmacy.

Tires and tubes vulcanised and repaired at Stony Plain Garage.

Santa's Musical Pageant.

A notable Christmas feature of the season is to take place Monday Dec 29 at 8 p.m. in Ducholke's hall, presented by the children of the Methodist church entitled Santa's Musical pageant Xmas in Many Lands. It promises to be a night of great cheer and gladness, and an excellent musical program will be carried thru.

Brightbank School Concert.

A very successful entertainment was held on Friday evening last at the Brightbank schoolhouse, when the pupils gave the following selections: O Canada, by all pupils. Christmas Greeting, Lizzie Spady. When Pop Played Santa Claus, J. MacDonnell.

Christmas Time, a song by the girls.

Old St. Nick, W. Li ke Santa Claus in Holland Louise Zehn.

A Letter—Louie Spady. All Sorts of Children—An Exercise.

A Wish—Olga Dickle. If I were Santa Claus—P Savard. Kitty's Christmas—G Summerfield.

Mr. Works' Goat—Boys Chorus. Curious Little Red—C Spady. Awful Luck—J MacDonnell.

Kris Kringle's Wife—Song with a Moral by the Girls.

A Christmas Story—B Savard. Just Before Christmas—Norman Kroye.

A Hobo's Wait. The Spelling Lesson—K Kroye. A Splendid Word—L Spady.

Stocking Drill. Dolly's Present—E Savard. And So Did I—B Spady.

Christmas on the Sunset Slope—A Scene.

Great credit is due the energetic and capable teacher, Mr. P. B. Lawton, for the excellent training which the pupils had received.

Appointed Director Canadian Pacific

The recent election of Mr. Ross Huntington McMaster to be a director of the Canadian Pacific, filling the vacancy created on the board by the death of the late Lord Shaughnessy, is a recognition on the company's part of his long-proved ability. Mr. McMaster is already vice-president and director of the Steel Company of Canada and director of the Northern Electric Company, as well as the Canadian Explosives Company. Born in Montreal in 1880, he has lived practically all his life in that city. He was educated at the Montreal High School and Collegiate Institute. His business career began with the Sherrill Williams Co., of which he became assistant to the vice-president and general manager in 1897, a post he held until 1903. In the latter year he was made assistant to the vice-president and general manager of the Montreal Rolling Mills Company. On the formation of the Steel Company of Canada he was appointed manager at Montreal.
